Storage (if you have a multiple day event do you plan on storing items at the facility? This is not guaranteed and must be approved by both
the PAC Coordinator and the Drama Department.)
Lighting: Indicate which level of lighting support you would like provided. Lighting gels (color) are not provided by the
district, clients need to bring their own. Sometimes gels are left over in the lighting instruments and can be used but this should
not be expected.
Basic- User can select 1 lighting preset (from a limited selection) that stays on their entire event. Presets include a general wash and some minimal
isolation. No other changes can be made besides house lights turning off once before the show and back on once attended a treatment of the show and the show and the show and the show a treatment of the show and the show and the show a sh
Standard — Lighting technician can operate presets and set up simple custom lighting in the time allotted. This is for the clients who want basic lighting the standard — Lighting technician can operate presets and set up simple custom lighting in the time allotted. This is for the clients who want basic lighting the
Advanced — This option is recommended for more complex lighting events. The lighting tech can do everything in the standard option but extra time will be allotted for programing specifically. 2-4 hours will be provided to program lights at a reduced rate, only 1-3 people from the rental group may be present will be allotted for programing lights. It is the responsibility of the client to schedule the extra time, waiting may result in no time being available to program or and this is only for programing lights. It is the responsibility of the client to schedule the extra time, waiting may result in no time being available to program or and this is only for programing lights.
