Curriculum Night

Thursday Night is our annual Curriculum Night. Parents will start in the PAC at 6:30 and begin the rotation to classes at 6:55 (schedule to the right). All certificated teaching staff should be in attendance. Recognizing that illness or other uncontrolled life events happen, please let me know if you are not going to be in attendance.

Consider the message you want to send to parents. You have 10 minutes to make a positive impression on parents. 10 minutes to make them know you are going to welcome their student every day, work hard to get them a great education, and build their human capacities. Have a great night

Senior Blitz

Counselors are doing senior blitz for the week, therefore can't meet with any other students, unless it is a real emergency? They should have students email us. Thank you.

Community Forum

Tuesday is our first community forum with an extended 2nd period schedule (attached). This time is set up for our school community to work on building our understanding of others and build a positive school culture. Anecia sent out the facilitation notes last week. Seek any administrator out if you have questions and let us know if you are concerned about facilitating as we have additional staff who can support you.

Emails

With the limited TA's in the office this year the office staff are using email and calendar invites. Encourage students to check theirs regularly.
