Describe Projector use for your event: \_\_\_\_\_

Flown Scenery: (Describe all flown scenery in detail. It is the responsibility of the client to provide all hardware required for attaching their brought items to the theater rigging. Not mentioning specifics below may result in being unable to hang anything from the theater rigging.)

Item 1) house flats, or small scene enhancements # of times used 2

Item 2) \_\_\_\_\_ # of times used \_\_\_\_\_

Item 3) \_\_\_\_\_ # of times used \_\_\_\_\_

Storage (if you have a multiple day event do you plan on storing items at the facility? This is not guaranteed and must be approved by the PAC Coordinator.)

Stage Set Pieces (please describe all major set pieces that will be loaded in to the theater): Five 2x2 revolving mirrors, Five 2x2 cubes, 2 movable stair pieces, village background (flown in)

**Lighting:** *Indicate which level of lighting support you would like provided. Lighting gels (color) are not provided by the district, clients need to bring their own. Sometimes gels are left over in the lighting instruments and can be used but this should not be expected and is not guaranteed.*

**Basic** - User can select one lighting preset (from a limited selection) that stays on their entire event. Presets include a general wash and some minimal isolation. No other changes can be made besides house lights turning off once before the show and back on once afterwards. If something is missing no fixes can be made as a lighting technician will not be scheduled. This option is recommended for events that don't require any lighting changes. (Examples include a presentation or solo artist.)

**Standard** - A district lighting technician can operate presets and set up simple custom lighting in the time allotted. Designated specials can also be refocused at the client's request (last minute requests may not be accommodated). This option is recommended for events that need a greater control over the theater lighting but do not require specific details for lighting changes. (examples include music concerts; variety shows, etc.)

**Advanced** - The lighting technician can program the lighting console and make general design choices for your event. Time should be set aside during your rental to specifically focus on lighting setup and programming as it could take 2-3 hours per event. Extra time can be requested outside your event time for lighting setup as scheduling allows. It is the responsibility of the client to schedule the extra time, waiting may result in no time being available to program. This option is recommended for events where there is a specific lighting vision in mind where lighting detailed changes are required during specific points during your production. (examples include drama productions, dance showcase performances, etc. This option is dependent on staffing availability.)

**Spot light** () - (Requires standard or advanced options; spot lights can be operated by approved clients only).

Lighting specifics: There will be dimming of lights, and changes from left to right depending on the scenes - still working out the whole scenario!

**Audio:** *Indicate number needed. Number provided indicates how many available. Using any audio equipment requires an Audio tech.*

**Microphones** - Wireless Handheld <sub>4</sub> (\_\_\_) Wired microphones <sub>5</sub> (\_\_\_) Mic Stands <sub>9</sub> (\_\_\_)

Floor/Boundary mics <sub>1</sub> (\_\_\_) Wireless Belt-Pack w/mic <sub>2</sub> (\_\_\_)

**Other** - Monitors <sub>4</sub> (2) Audio playback (\_\_\_) Backstage Headsets <sub>4</sub> (4)

Audio specifics: We'll rent the wireless mics from BNTA as we've done in the past.

**Other information to help support your event:** were planning on using some digital animated projections. I believe we need a different style or placement of projector for this which we would provide. It would need to be mounted to the front batten. More info coming! ;)

(The goal of this form is to allow the Performing Arts Center Coordinator and other Bellevue school district theater staff to support your event as best as possible. If something is omitted or this form is unclear it will weaken your final production. Please fill out to the best of your knowledge. If any requests change after this form has been approved please notify the PAC Coordinator.)
