& 12 Grade SAT

Date	Start	Event Name	Location	Department	Activity	Description	End
						(Continued from previous page) The PSAT/NMSQT is a standardized test that 11th graders take in October. Like the SAT, it measures the knowledge and skills in reading, writing, and math students learn in the classroom—the same knowledge and skills your child needs to succeed in college and career.

						(Continued from previous page) Middle School Robotics teaches middle school students how to approach these real-world problems in an innovative, yet systematic, way. By building and programming robots, students learn how to channel their creativity and use it to create the best possible solution for a particular problem.

						(Continued from previous page) Students will be gleaned in local fields, where produce harvested will be donated to food banks in the local area and bless families in need. Nationally, more than 49 million Americans have trouble regularly putting nutritious food on the table. Despite its wealth, more than 200,000 residents in Palm Beach County struggle with hunger. .
